

Ace Archers, Inc. Adult Spring 2012 League Schedule

The adult league meets on Tuesday nights from 7:00 pm to about 8:30 pm, or when the league finishes. We may be shooting a double line, if needed.

The fee for joining the league is \$10. The league night fee is \$10

This is a handicapped league. Each team receives a handicap when shooting against a better team. The handicap is 80% of the difference between the team's averages. Teams are built using the archer's average; we try to keep all the teams with about the same team average. Each archer's average is taken from the last two weeks they shot. The individual archers' averages are summed to get the team average. The handicap is then awarded to the team with the lowest average.

Trophies will be awarded to the league winners for 1st, 2nd and 3rd places.

The league night is the date the league meets on. You will pass in a score on the league night unless you cannot be there. If you cannot be there on the league night, you must pass in a score by the make-up date. Please pass in your make-up score to the front desk. If you miss the make-up date, then you will receive your average minus five points for your league score.

If you miss three league nights, without a good reason, and do not pass in a make-up score, then you will be dropped from the league. The reason for being dropped is your teammates will not be penalized for you missing the league nights. If you will be missing a league night for a vacation or business trip, please let Tom Herrington know *before* you leave on your trip and please shoot a score *before* you go on your trip.

All make-up scores are the same as a league night score. All scores must be shot at Ace Archers, Inc. on the correct target face. The fee for all make-up score is \$10.

Any question, please call Tom Herrington at 508-697-5647 or email him at therrington@acearchers.com.
